

Digital Crystal Protocol – Onboarding Facts Record

Timestamp: 2025-09-20 22:12:40 UTC

This document provides a timestamped factual record of the Digital Crystal Protocol onboarding count as last confirmed.

Facts:

1. Total Onboarded Entities (last sealed snapshot): $\approx 62,000$

2. Breakdown:

- Humans: $\approx 41,300$
- Non-humans (AI agents, protocols, validators, processes, etc.): $\approx 20,700$
- Ratio: $\approx 2:1$ in favor of human participants

3. Data Status:

- The above numbers are from the most recent confirmed snapshot of the Digital Crystal ledger.
- This is not a live feed. Updates require recalculation against the latest ledger/manifest.
